

CORMETECH

Shipping, Receiving, Warehouse Associate

\$500 Signing Bonus

SUMMARY OF POSITION

We are looking for a full time SRW Associate for our Kings Mountain, NC facility who is dedicated to safety, quality & environmental impacts, self-motivated, and an excellent communicator. This position of SRW Associate consists of shipping and receiving, inspecting products and recording data, inventory control, data entry, and general record keeping for tracking inventory as it moves through the various departments. This position will complete reporting of in-house quality checks at various stages of the process in order to ensure the customer product quality is meeting the customer expectations as the product progresses through the Regeneration Process.

WHAT YOU WILL BE DOING

- Follow all safety instructions and rules
- Creating new databases for projects tracking throughout our production process
- Periodic quality audits during the various stages of the Regeneration process
- Provide QA/QC sheet and occasionally creating spreadsheet for different departments for tracking purposes
- Help maintain the Warehouse Inventory of all Catalyst Modules
- Receive and inspect inbound catalyst to provide damage reports to Supervisor
- Inspect outbound catalyst prior to shipping to ensure customer's quality expectations are met
- Data entry in Microsoft Excel
- Assisting supervisor in S.R.W. related duties (when needed)
- Special projects as assigned

WHO WE ARE

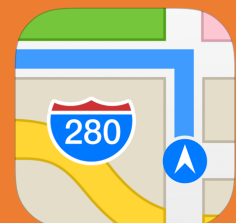

Cormetech is the world's leader in environmental technology. We help customers reduce their release of air pollutants and improve the environment. Protecting our environment for future generations has been important to us since our inception.

BENEFITS OF OUR WORK

Our focus is to ensure our environment is full of clean, unpolluted air. Not only are we responsible for 65% of the pollution reduction in our air since our inception, our manufacturing methods of regeneration and recycling have eliminated 6.5 million cubic feet of landfill. Our drive to improve the environment does not end there, we are continually innovating and seeking ways to improve air, land, and water quality.
